

Welcome to our App!
Please follow my footsteps to see
how to be a friend with him~

This is our main page. You can see two buttons here: Sign up & Log in.

The image shows a black Android phone mockup. The screen displays an app titled "Lost & Found" with a small Android robot icon in the top left corner. The status bar at the top shows a battery icon, signal strength bars, and the time "8:30 PM". The app interface includes a vertical list of input fields: "User Name", "Password", "Re-type Password", "Phone number", and "email address". To the right of these fields is a black icon of a person with a plus sign. At the bottom left of the form area is a "Back" button with a left-pointing arrow. At the bottom right is a "Submit" button. Below the "Back" button is a link that says "Sign off". The phone's physical home button and navigation buttons are visible at the bottom of the device.

8:30 PM

Lost & Found

User Name

Password

Re-type Password

Submit

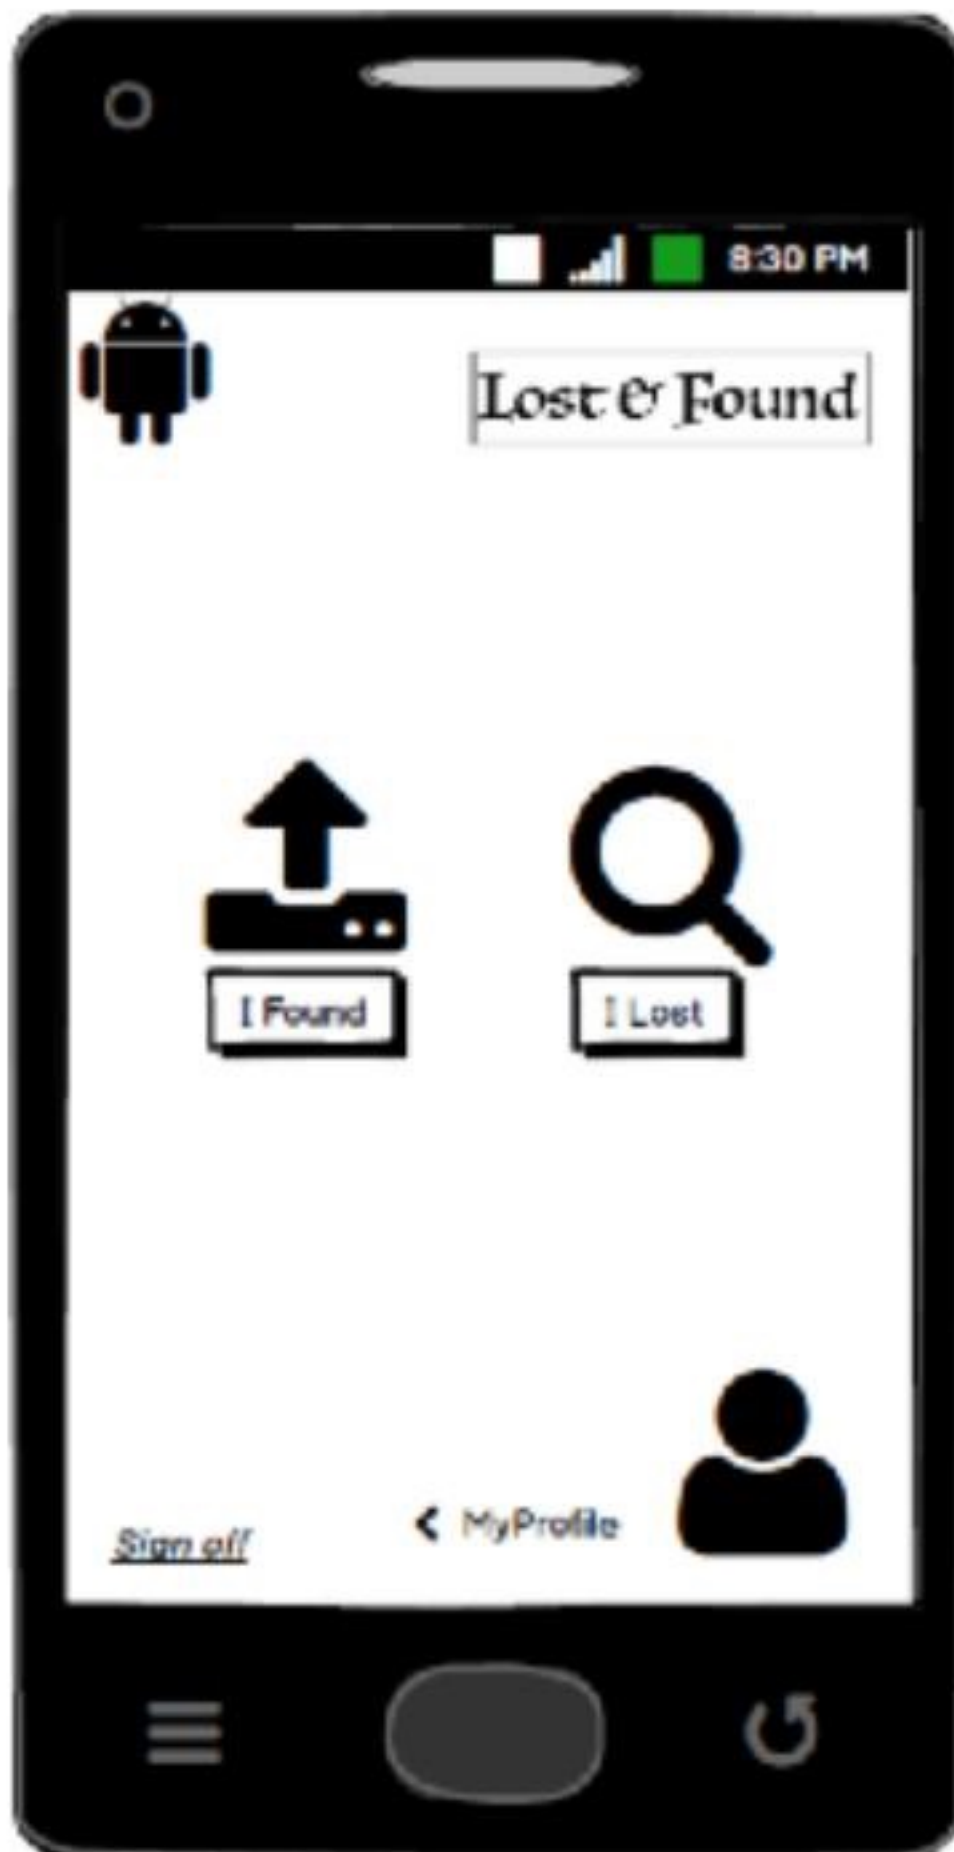

Sign off

If you are a new user, please select the "Sign up" button, fill out the information form and finally press "Submit", then you can enter the App~

If you are a registered user, all you have to do is selecting the "Log in" button, entering your User Name and Password, then pressing "Submit".

A screenshot of a mobile application interface for a login page. At the top, there is a status bar with a battery icon, signal strength indicator, and the time 8:30 PM. Below the status bar, on the left, is a small black Android robot icon. To its right is a title bar with the text "Lost & Found" inside a rectangular box. The main content area contains a "User Name" label above a text input field, followed by a "Password" label above another text input field. To the right of these fields is a large black arrow pointing right, enclosed in a bracket-like shape. Below the password field are two links: "Forget Username?" and "Forget Password?". At the bottom of the form area, there is a "Back" button with a left-pointing arrow icon, a "Submit" button, and a "Sign off" link. The bottom of the screen features a black navigation bar with three icons: a hamburger menu icon on the left, a large circular home button in the center, and a circular refresh or back icon on the right.

After entering the App,
you can choose from main
functions: I Found & I
Lost.

And a user personal
center (MyProfile) will be
appeared at the bottom.

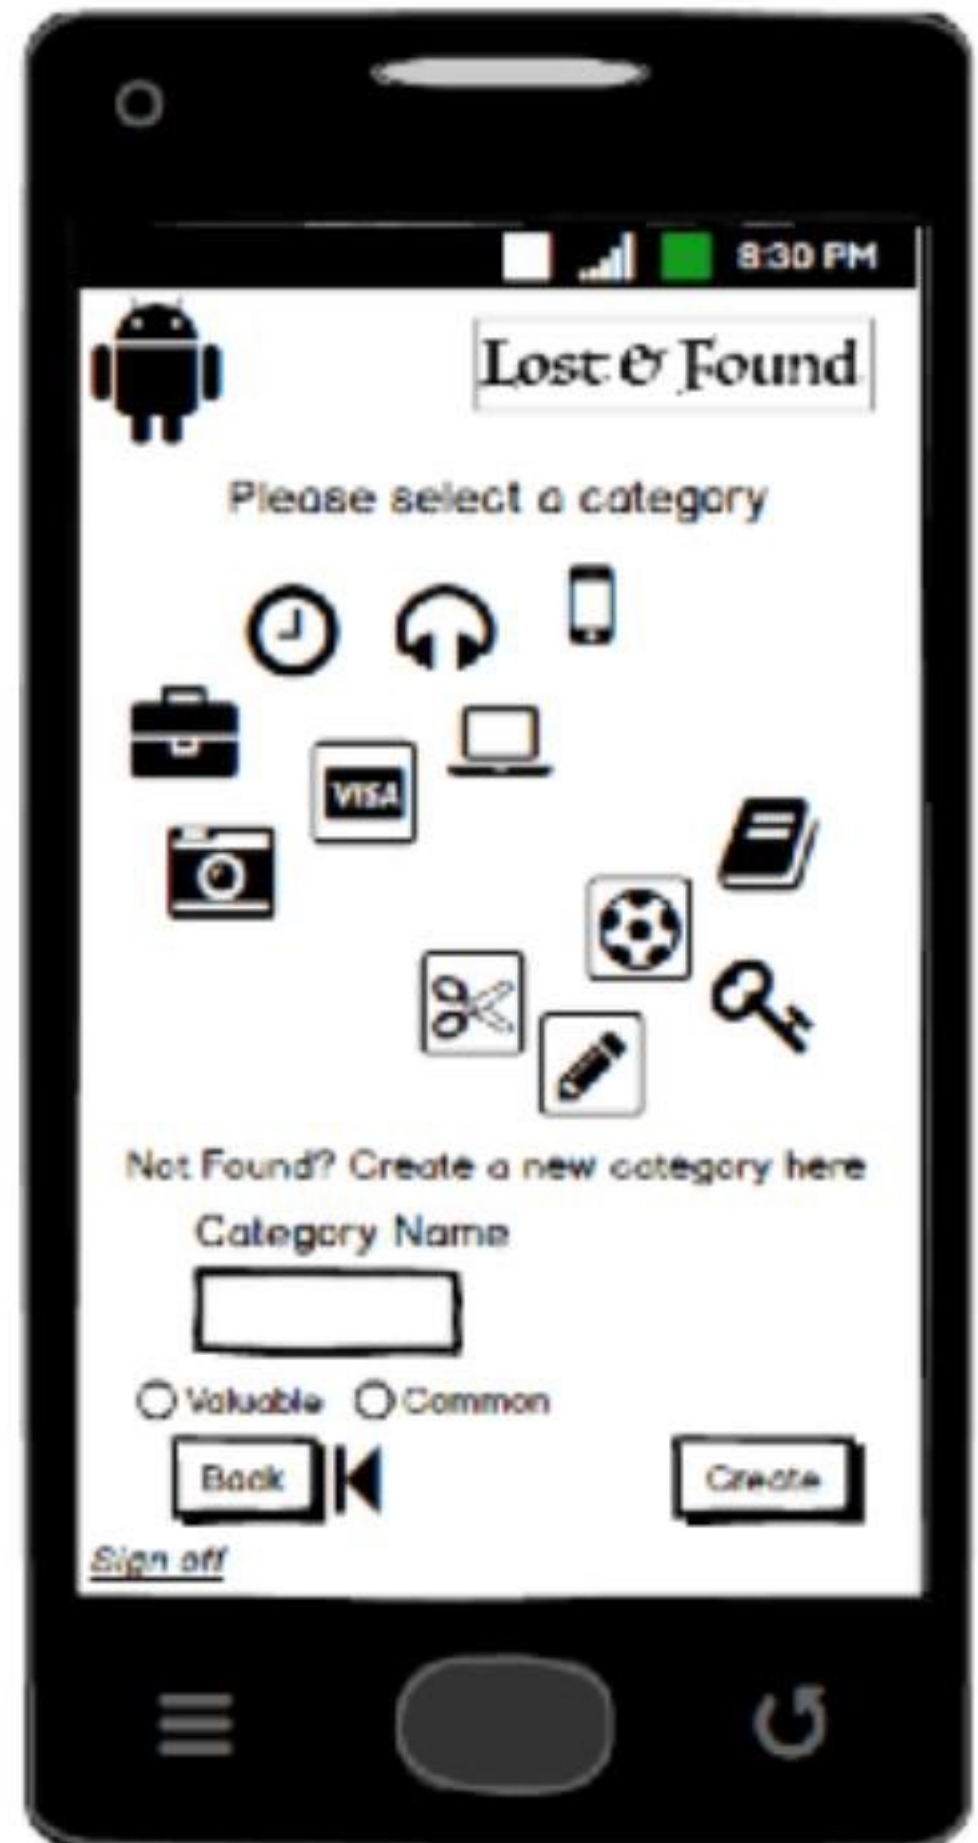

Select "I Found" and now
you are a finder~

First, you should select a category from all those icons. If the lost item is not among those icons, you can create a new category by filling out the blank.

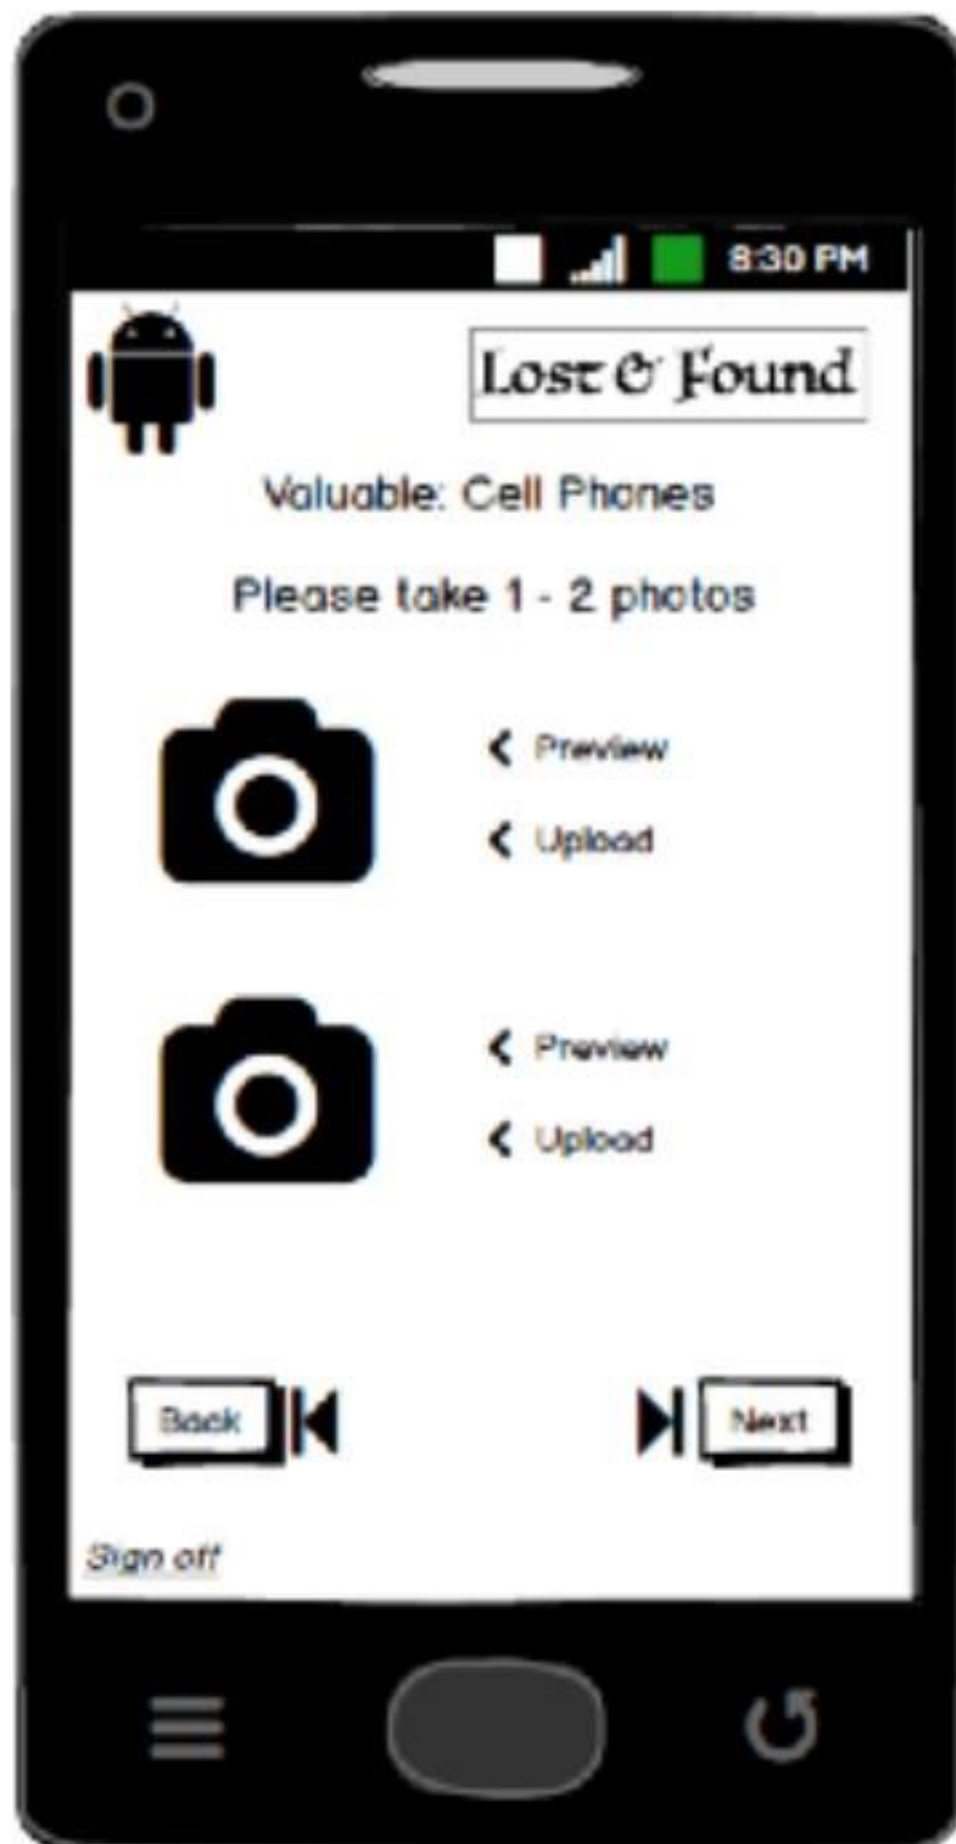

After that, choosing "VALUABLE" or "COMMON" and pressing "Create" button.

Secondly, you should set where and when you find the lost item. Then, press "Next" to go to the next step.

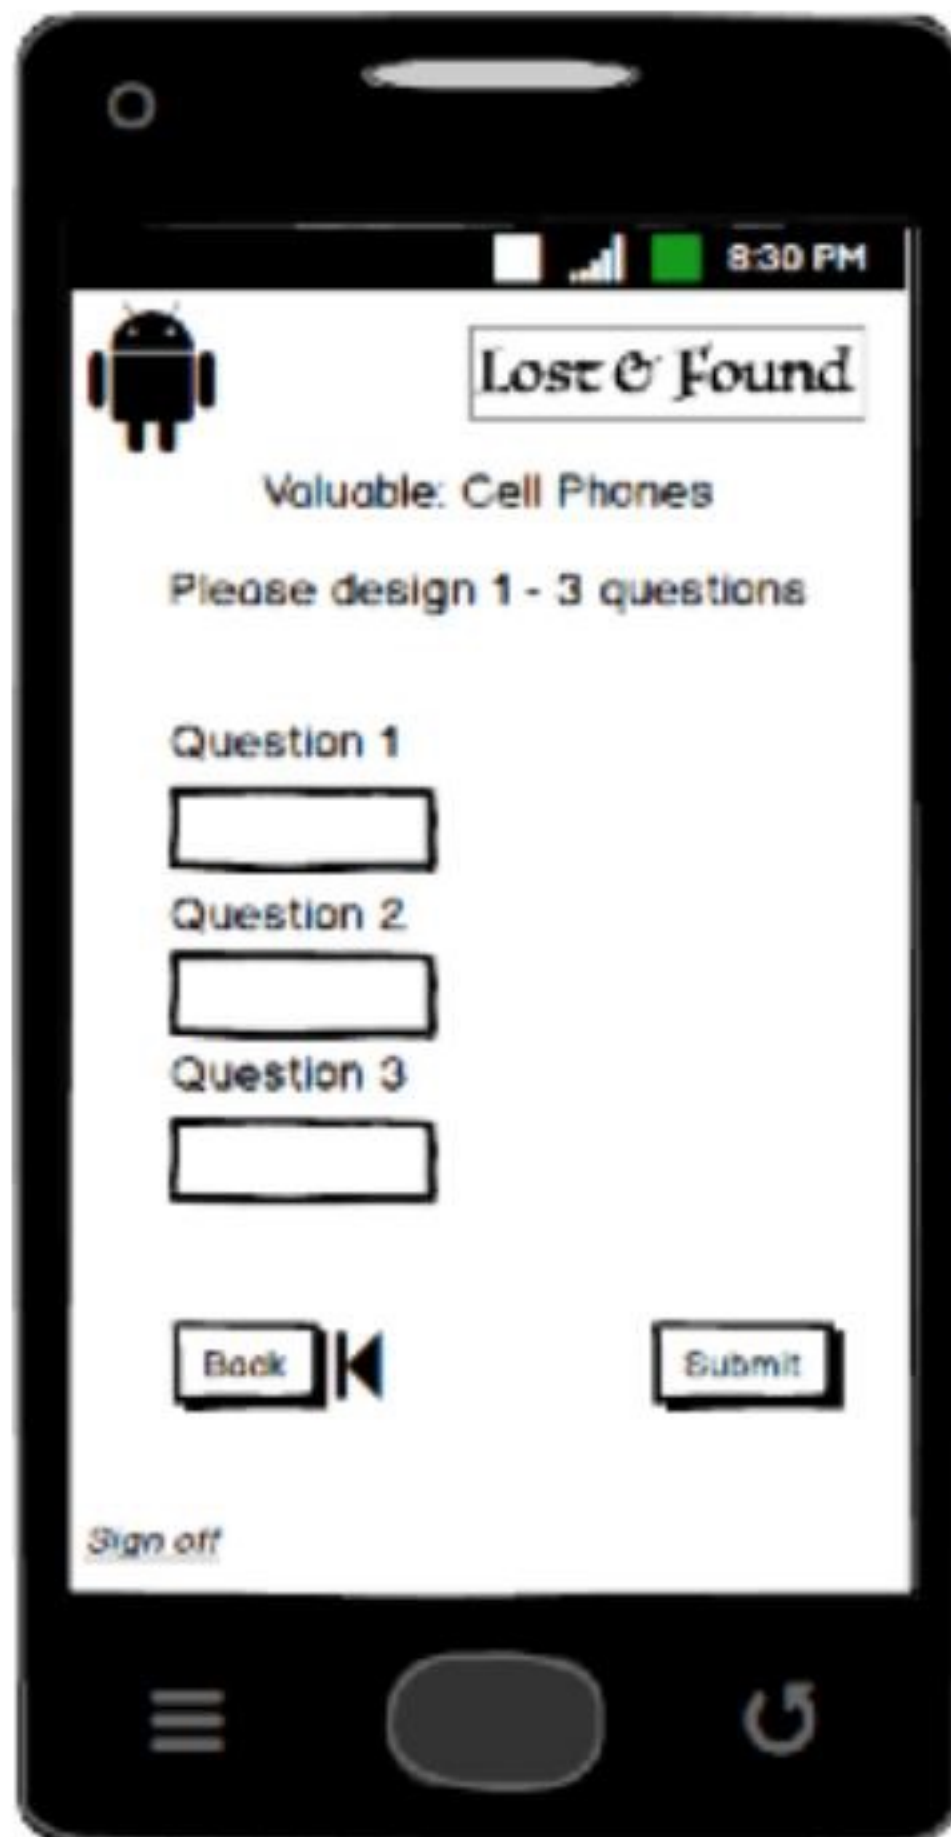

The image shows a smartphone screen with the 'Lost & Found' app. The status bar at the top shows a battery icon, signal strength, and the time 8:30 PM. The app interface includes an Android robot icon, the title 'Lost & Found', and the text 'Valuable: Cell Phones'. It prompts the user to 'Please share your location' with a location pin icon and a text input field labeled 'Type Here'. Below this, it asks to 'Please share the time' with a date picker (showing '11'), a time picker (showing '3:59 PM'), and a time zone selector (showing 'PST'). At the bottom of the form are 'Back' and 'Next' buttons. A 'Sign off' link is located at the very bottom of the screen. The phone's physical home button and navigation bar are visible at the bottom of the device.

Thirdly, you should upload two images of the lost item and press "Next".

The screenshot shows an Android application interface. At the top, there's a status bar with a battery icon, signal strength indicator, and the time 8:30 PM. Below the status bar, there's a header area with an Android robot icon on the left and the title 'Lost & Found' in a box on the right. The main content area has the text 'Valuable: Cell Phones' and 'Please design 1 - 3 questions'. Below this, there are three question prompts: 'Question 1', 'Question 2', and 'Question 3', each followed by a text input field. At the bottom of the main content area, there are two buttons: 'Back' with a left arrow icon and 'Submit'. At the very bottom of the screen, there's a 'Sign off' link. The bottom of the phone shows the standard Android navigation bar with a menu icon, a home button, and a back button.

 **Lost & Found**

Valuable: Cell Phones

Please design 1 - 3 questions

Question 1

Question 2

Question 3

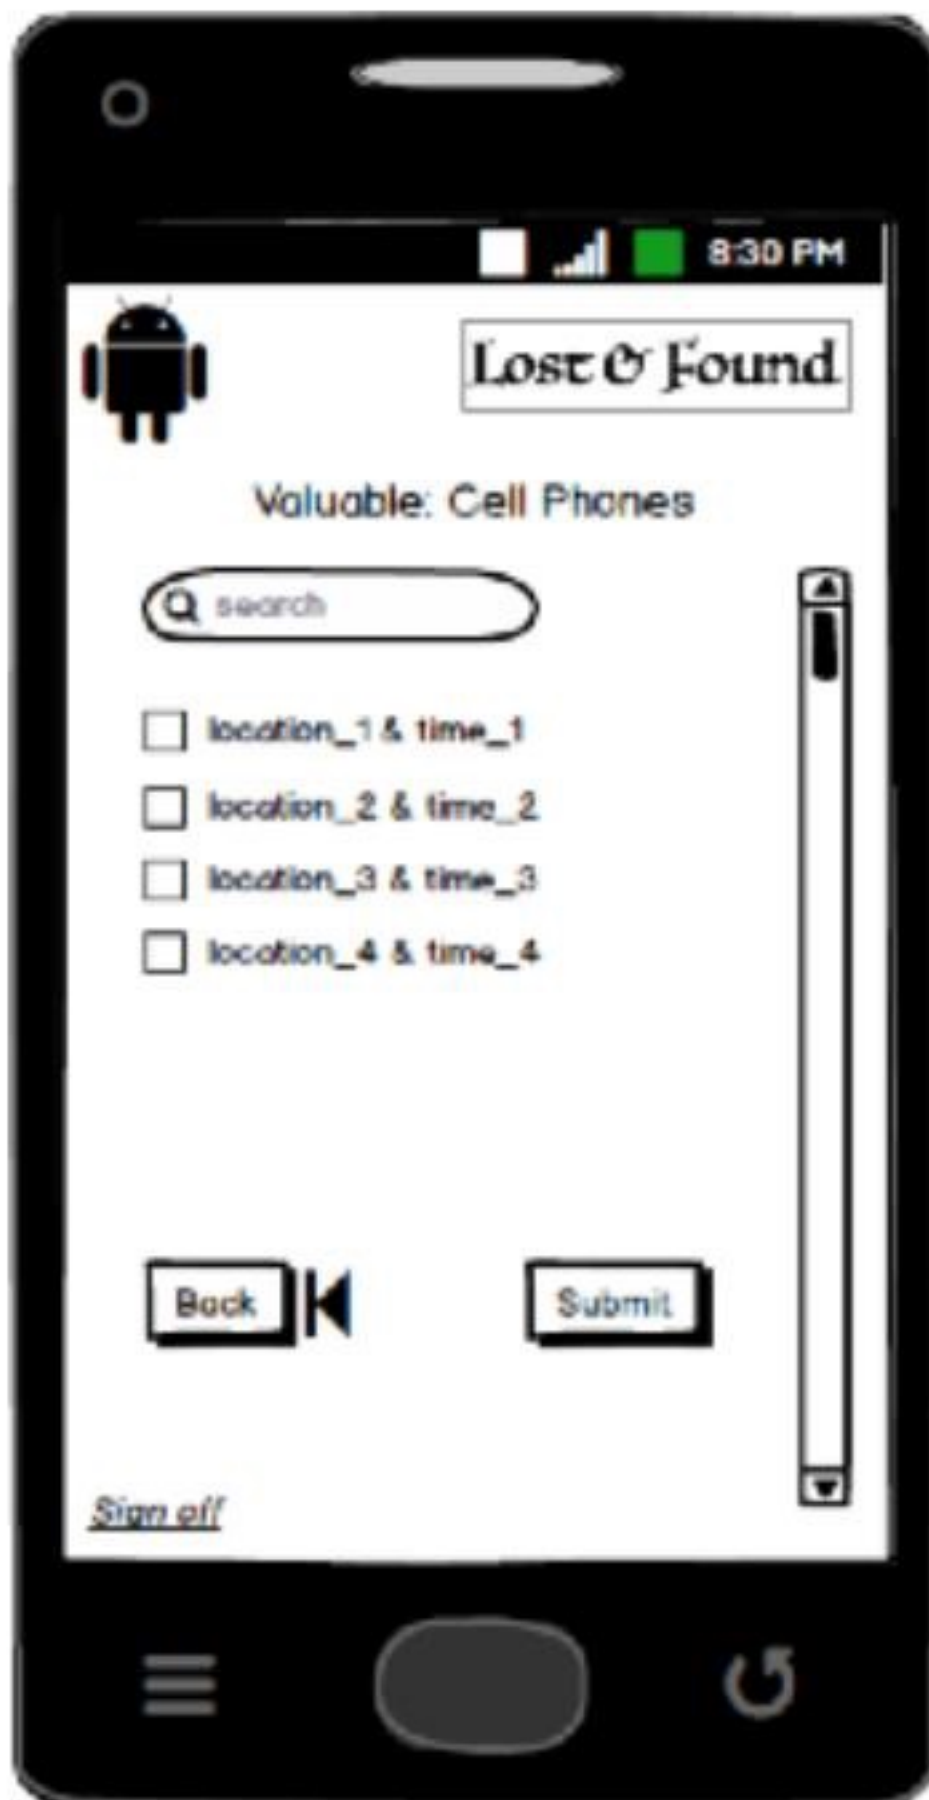

[Sign off](#)

The last step is to design 3 questions if the lost property is valuable. Then click "Submit" button to finish the process.

Select "I
Lost" and now
you become an
owner~

The first step you should do is to enter the category name and search it.

A list of all items belongs to this category will be shown in the list.

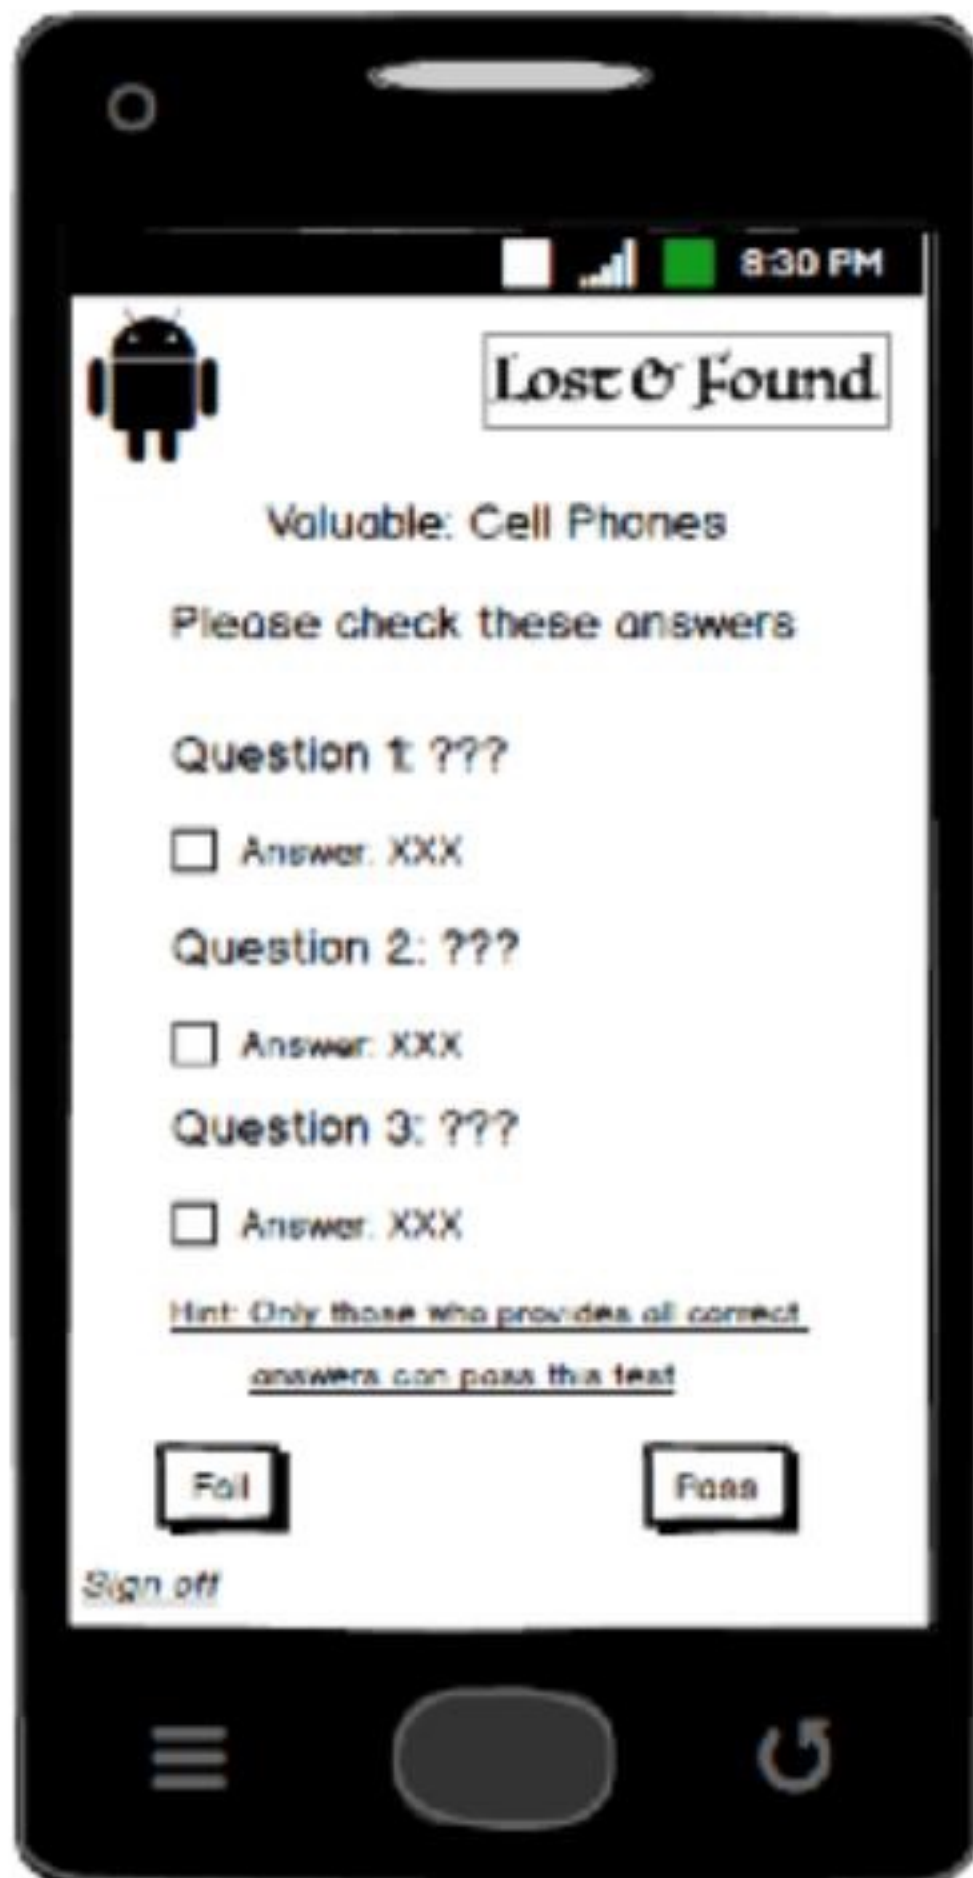

Select one item and press "Submit" button

If the item is valuable, the next step you should do is answering the finder's three questions

After finishing, press "Submit" button

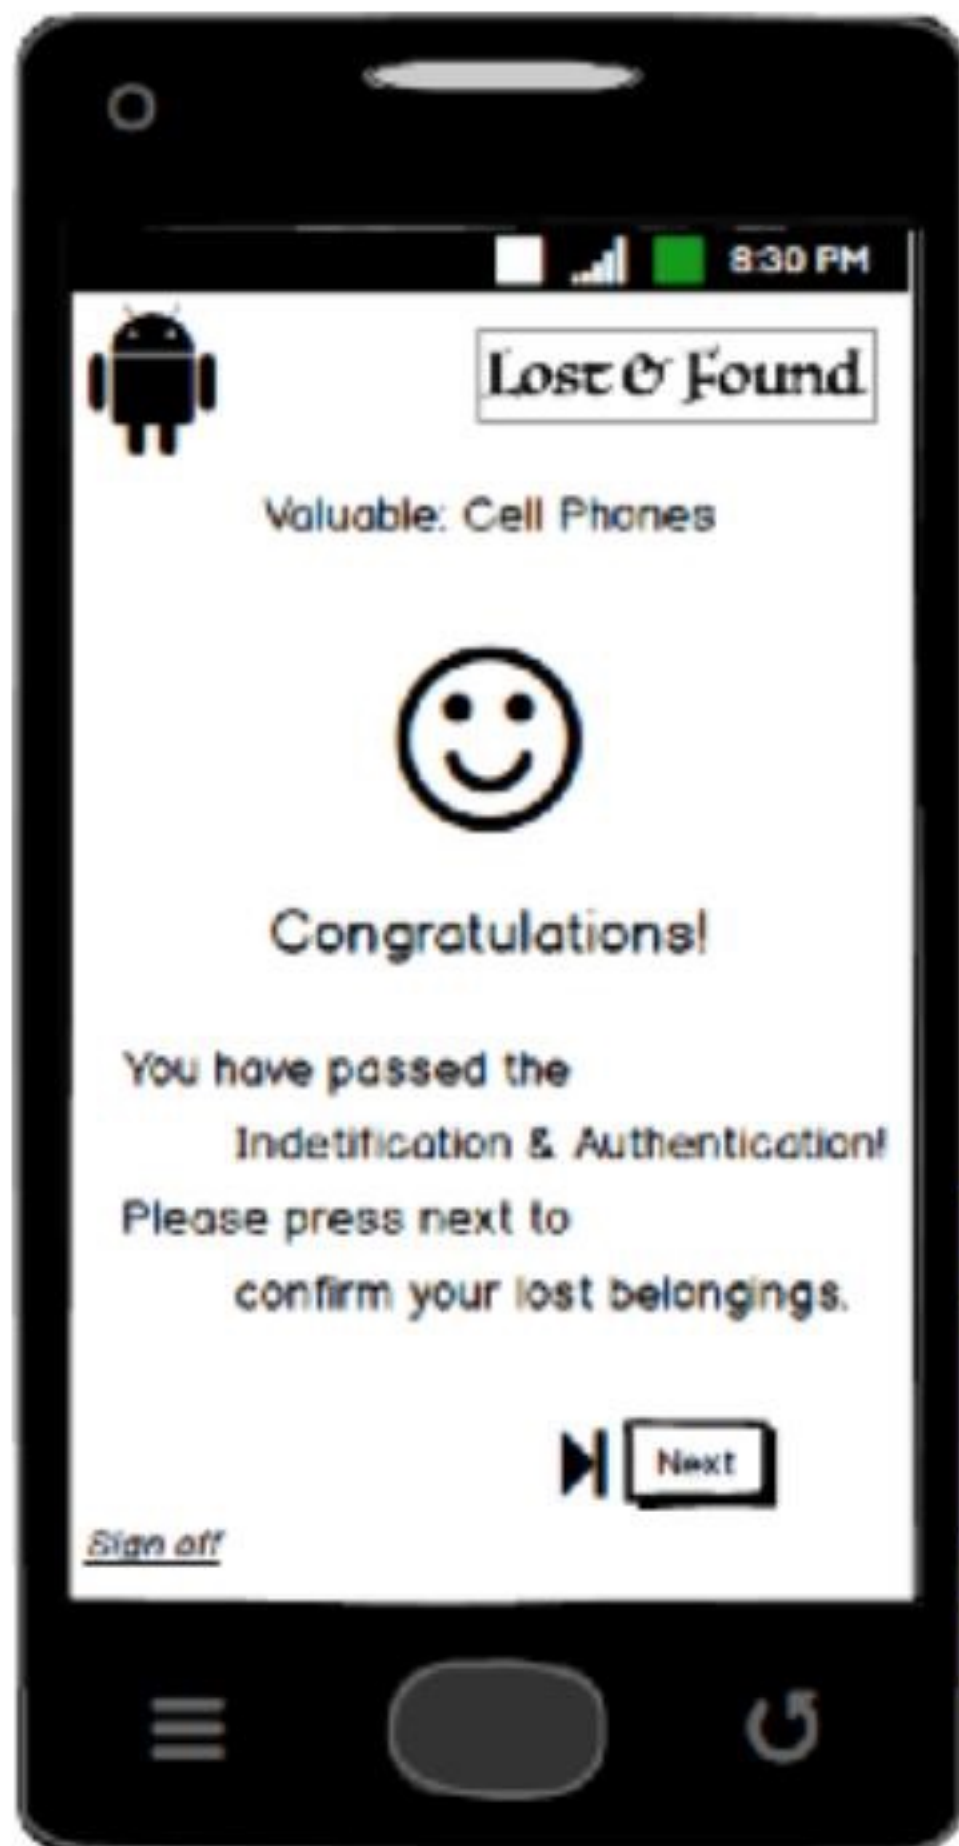

A smartphone screen displaying a 'Lost & Found' app interface. The screen shows a status bar at the top with the time 8:30 PM and battery level. Below the status bar is a header with an Android robot icon and the title 'Lost & Found'. The main content area has the text 'Valuable: Cell Phones' and 'Please answer these questions'. There are three questions, each with a text input field: 'Question 1: ???', 'Question 2: ???', and 'Question 3: ???'. At the bottom of the form are two buttons: 'Back' and 'Submit'. A 'Sign off' link is also visible at the bottom left of the screen. The phone's home button and navigation bar are visible at the very bottom.

Then the finder will receive the information and check your answers

If all three answers are correct, finder will click "Pass". If not, "Fail" will be clicked.

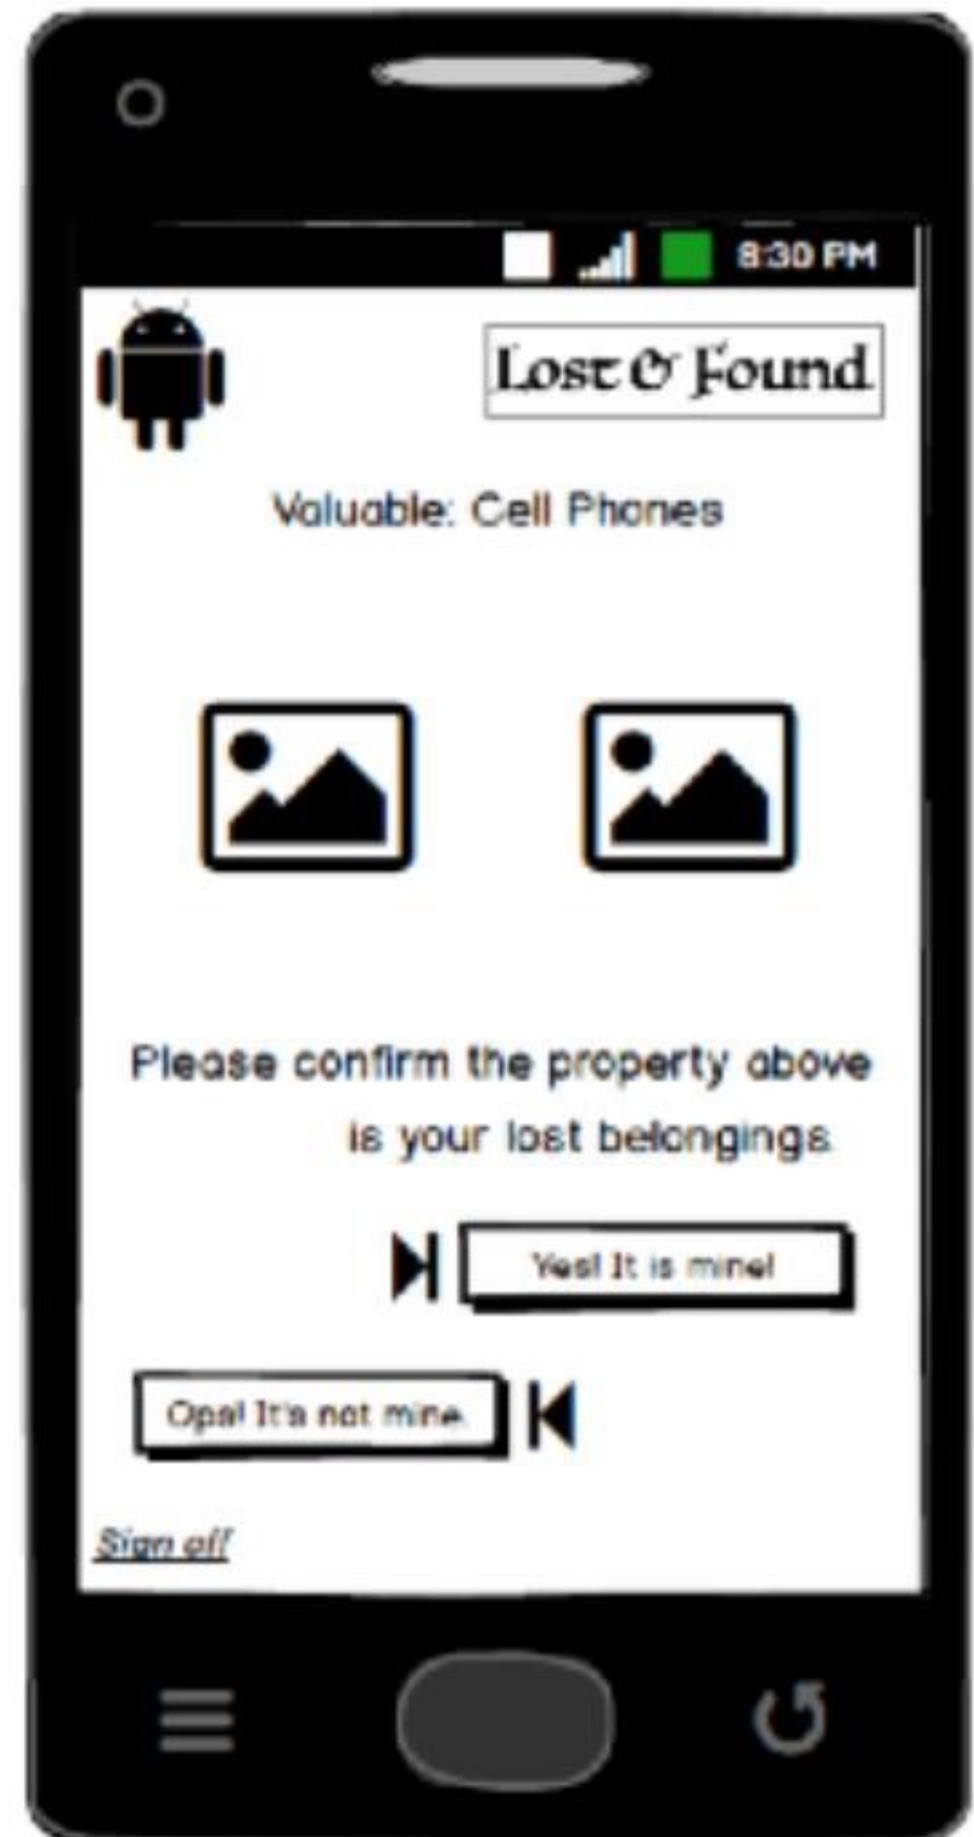

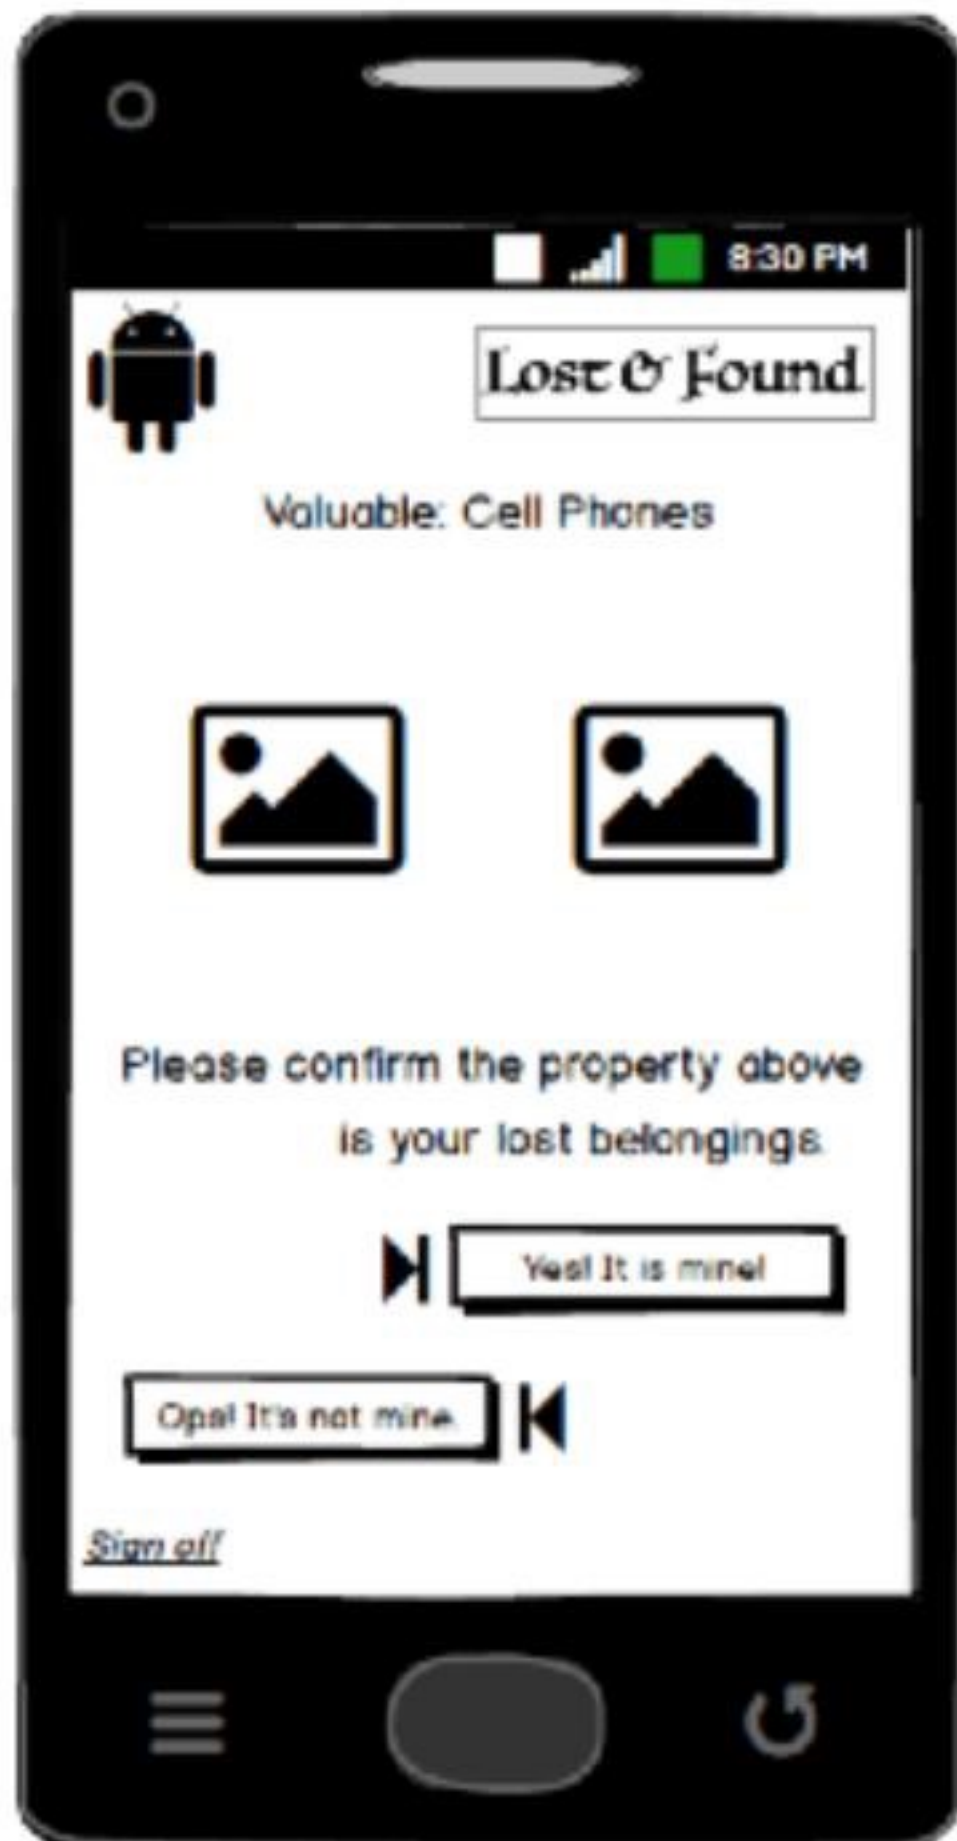

If passes, you will receive a passing confirmation. Press "Next"

Two images of
the lost item
will be appeared
in the screen.
Do the final
check and make
your choice!~

If you press "Yes!
It is mine!". Then
the finder's contact
information will
appear.
You can contact
him/her now~

In the MyProfile,
you can reset your
Password, Contact
Information and
other information~
